Hi Mark,

As I suspected - LCF was signed in 2017 almost a year ago so things have changed.  
Please see the note from legal

Hi Stacey,

It seems that there may be different version of the agreement being circulated. These look like older versions. This Agreement with La Canada Flintridge was signed back in November 2017, we've changed some language since. Please find attached our most current form. Normally, if the indemnification language is non-mutual, we'll suggest removing the section completely. Could you please confirm with La Mirada if proposed indemnification language in our current template is acceptable.

This is the most up to date template (attached). I hope this will be acceptable this is the standard template we use with all subsidy partnerships.
